### Involvement & Advocacy

Enlist the talents of as many individuals and businesses in the community as possible to provide enriching, positive and meaningful experiences and events for the children in the Prospect Mill Community. We will also renew our advocacy efforts as a group by contacting public officials and encouraging them to fund our schools and projects that would benefit our children.

### Community Outreach

Improved support of community programs such as Bags of Hope, as well as for local PMES families in need. Increased involvement in community service projects that benefit PMES & beyond, and to share these experiences with our children.

### Membership

Increase membership by 5%. (Goal is 375 Members)  
New levels offered for corporate memberships, including better advertising opportunities online.  
Continued use of Panda Perks as incentive.
